Sir,

Subject - Supply of Dust-Bins

I have the honour to state that an Estimate for Rs 3500/= for the supply of 148 Dust-Bins with Doddaballapur stone slabs 3" thick was sanctioned in C R No 253 dated 29th September'45 (Vide Flag "A") In response to the tender Notification for the work, four tenders were received The tender of Mr Jagannatha Char was the lowest But as the works of Mr Jagannatha Char were not satisfactory, Mr Ariyappa was entrusted with the work at the tendered rates quoted by Mr Jagannatha Char namely at 1-10-0 per Sq ft for grooved Dust-Bins and 1-8-0 per Sq.ft for non-grooved dust-Bins Vide C R No 546/20 12 45 (Vide Flag "B") Mr Ariyappa could not supply the Dust-Bins and consequently the work was entrusted to Mr Rosegadu at the same rate Mr Rosegadu supplied 115 Dust-Bins Owing to the delay in fixing them no payment was made in 45-46 He was paid Rs 3081/= towards the above supply Vide E B R No 136 dated 13/9/46 (Vide Flag "C")

The necessity for more Dust-Bins in the City was keenly felt and the Municipal Council and the President urged for immediate action being taken in the matter as Rs.10,000/= had been provided in the Budget for 46-47 for the work So an Estimate was sanctioned for Rs 6500/= in C.R No.318/29 9 46 for the supply of 200 Dust-Bins (leaving Rs 3500/= for the old work which had not been paid) to various Mohallas in the City

and the Estimate was sent to Government Tenders were called for in anticipation of sanction of Government to the Estimate and the tender of Mr Rosegadu was accepted In the meanwhile the Government reduced the provision for Dust-Bins to Rs 5000/= while sanctioning the Budget for 1946-47 The Estimate was returned by Government with the observation that the expenditure may be limited to the revised grant alloted for this work in the sanctioned Budget By this time clamour for more Dust-Bins was very great in all parts of the City and fearing that the rates might go further, the then President and the Municipal Engineer ordered the contractor to prepare and supply as many Dust-Bins as possible immediately He supplied 355 Dust-Bins (in addition to 115 Dust-Bins already supplied during 45-46) and was pressing for payment The subject came before the Municipal Council who in their resolution No 826 dated 3/3/47 (Vide Flag "D") while approving the Estimate for Rs.10,700/= as recommended by the Works Committee resolved that the total sum of Rs 11,096/= which was due to the contractor on account of both the Estimates may be paid out of the closing balance by re-appropriation (for Dust-Bins supplied on the old Estimate for Rs 3500/= and the new supply of 355 Dust-Bins)

As per orders of the President 85 % of the amount due to the Contractor was paid pending verification of the number of Dust-Bins supplied and rectification of defects in the Dust-Bins The Municipal Engineer and the Health Officer were requested to inspect all the Dust-Bins with the Mohalla Councillors and see that they were fixed properly in suitable places This work took a long time which has resulted in the delay in submitting the Estimate to Government I have sent the Revised Estimate for Rs.10,700/= with a copy of the Council Resolution with a request that sanction may be accorded thereto the amount being met from the closing

balance in the current year's Budget.

Early sanction is solicited as the Contractor is put to much hardship on account of the long delay in the settlement of his claims

I have the honour to be,
Sir,
Your most obedient servant,

PRESIDENT.
